

THE LINK

Linking Community Literacy & Numeracy

THE LINK is a literacy & numeracy support programme for children, from underprivileged backgrounds, in Grades 2 and 3. We are a **non-profit organisation** established to support the development of literacy and maths in children for whom English is a second language. We use individualised, volunteer based interventions to help children at risk to learn to read and understand both English and Maths. There are 16 centres based mostly at schools which are spread throughout Johannesburg.

We use volunteers to work with the children on a 1-on-1 or 2-on-1 basis. We need helpers at all 16 schools in which we operate, in both reading and maths. It only takes 2 hours a week to make a huge difference in a child's life.

Come and join our team of committed volunteers for 2019. Training will be given.

For further information please visit www.thelinkliteracyproject.co.za or contact zweigenthal@gmail.com
